

Animal Hall-- Encyclopedia of Childrens Handwork (Chinese Edition)

Based on the original handwork collections, this book has the most general topics on the market, and the categories in the book are also the most welcomed for children. Combining encyclopedic knowledge and handwork skills, it has the feature of being inclusive. With easy-operating paper crafts, it can train childrens manual dexterity at the same time improve their understanding of various real objects. This is the first choice for children to do handwork.
