

Survival Prepping: When it Hits the Fan, Have a Plan!

When it hits the fan, have a plan! The United States is struck by natural disasters all the time. The countrys economic system is on the verge of collapse and the target of terrorism plots daily. In short, if you want to keep yourself and your family safe, you must have a strategic plan for survival. Survival Prepping is a systematic, comprehensive approach for being ready for natural or man made disasters. From food and water storage to controlling your own power. From firearms, to fighting, to fleeing, Survival Prepping will prepare you to do the best when things are at their worst.
