

Reset (The Reset Trilogy Book 1)

Sixteen-year-old Tia Jameson started spring break with three things on her mind: taking care of the adorable Wilson kids, passing Algebra, and getting the gorgeous co-captain of Olympia Highs basketball team, Adam Brewster, to notice her. When she passes out after one of the kids falls from a tree, she realizes that this spring break may be her last. While she seeks the truth in order to survive, science and conspiracy collide.
