

Kaleb and the Dreamcatcher (White Shadow Series Book 1)

Kaleb and the Dreamcatcher is a gritty and poignant backstory to one of the most epic underdogs in history. Totally unputdownable.- Steve Legg, Editor of Sorted Magazine
The account of the life of Jesus is perhaps the greatest story ever told. Devotional writers have helped me to understand more about the background to some of the characters writing thoughtful reflections about the disciples and other important people in the Gospel accounts. Novelists like Kasantzakis and Pullman have dramatised the stories to provide a humanistic perspective or to impose their own world view on what happened. Now there is a fresh approach that touched my heart and my mind deeply. Alex Willmotts first account in the White Shadow series is a vivid, believable back story to a special moment in history. The storyline brings epic encounters into the light brilliantly. Kaleb and the Dreamcatcher brought me to tears. Professor Jonathan Richards
