

Kinangiology: Co-working With the Angels to Heal Emotions

Every time you allow the angels in to your life, you are adding that bit more love and light into our world. Kinangiology (KA) combines the practice of kinesiology to communicate and co-work with the angels to clear emotional blocks, program positive affirmations and eliminate phobias. It can also be used to communicate with the angels to access guidance on everyday issues such as relationships, work, health and family (the possibilities are truly endless). In writing Kinangiology, Sue Vaughan gives you a powerful toolbox of useful techniques that you can make use of to help yourself and others to make decisions, clear the clutter that may be blocking progress towards living a more fulfilled life, and discover the joy of co-working with the angels.
