

# Life Is an Uneven Road: Lessons from My Personal Experience

Life Is an Uneven Road is a book about the lessons from my personal experience. Born in Tanzania, Africa, and at age seventeen settling in California in the United State of America, how did I survive the different culture and language barrier and fulfill my business and academic ambitions? In this book I have outlined the experiences that have shaped my life. I hope that this book can help you to make a positive change and restore the confidence that you can be anything you want to be in your life. I wrote it with the thought in mind to inspire you and help you achieve your ultimate goals in life.
