

Successful Listening for First Certificate

This is the first book in a series designed to help students with individual papers of the First Certificate Examination. The book is organized around the different question types in Paper 4 (Listening Comprehension), such as multiple choice, picture matching and form filling. The book aims to help students to analyse for themselves what is needed to answer each kind of question and to show them how they can improve their listening skills. Two complete First Certificate-type tests are included and a cassette accompanies the book.
