

The Seven Secrets of Crystal Talismans: How To Use their Power for Attraction, Protection & Transformation

The mysterious powers of gems, crystals, and minerals are finally explained in this practical guide to creating talismans. Casting a modern light on the age-old practice of talismans, gemologist Henry M. Mason correlates the mystical properties of these wondrous objects with the science of gemology. Connecting with the universal life force, the proper talisman can focus and magnify your own qualities helping you fulfill dreams and desires. Mason's seven secrets explore how crystal structure, color, and chemistry contribute to a talisman's natural energies for aiding in attraction, protection, self-improvement, creativity, tranquility, spiritual awakening, and more. From selecting and preparing the proper mineral to empowering your talisman, this guide takes you through every step of creating and using talismans and amulets for optimum effect.
