

The Rampa Story

THE POWERS OF T. LOBSANG RAMPA ARE UNSURPASSED IN THE WEST Here are insights into the Akashic records, reincarnation as well as Rampas journey to unexplored dimensions and realms where he encounters a variety of spiritual teachers and has adventures with supernatural beings. From the text. . . For months past the most trusted of lamas, acting as mental carriers, had painfully trudged the hundreds of miles from Lhasa carrying the ancient Secrets to where they would be forever safe. . Here too, with infinite toil and suffering, had been brought the Golden Figures of past Incarnations to be set up and venerated in the heart of a mountain. Sacred objects, age-old writings, and the most venerable and learned of priests were here in safety as well. . . THE RAMPA STORY is considered by many to be T. Lobsang Rampas most important work next to the Third Eye and Cave of the Ancients. This delicate manuscript has long been unavailable in the United States as well as the rest of the world. in the U.S. The journey continues as Lobsang travels from Korea into Russia, Europe and America, finally settling in England. Here, he transmigrates into the body of an Englishman, enabling him to continue his special task.

Rampa predicts, We are upon the threshold of a New Age, an Age wherein it is intended that Man shall be purified and shall live at peace with others and with himself. Rampa expands upon his knowledge of astral travel, telepathy, mysticism, healing, and the release of the Kundalini power. He also tells how to create thought forms.
