

The Journey of Expansion - A Mothers Journey from Loss to Eternal Love

The Journey of Expansion is a creative masterpiece. It is a necessary read for anyone who has suffered the loss of a child or loved one. Loretta experienced firsthand the death of her oldest son, Adam, at the young age of seventeen. Adam died rock climbing with his friends. From the moment Loretta received the phone call about Adams death, he has stood next to her and has never left her side. They share such a unique and spiritual connection. Adams spirit communicates with his mother through various signs on a daily basis. Two years after Adam passed away, Loretta became inspired to write. To her surprise, the writings were messages from the other side, and they originated from her son Adam. Once Loretta began to share these powerful poems with her family and friends, the words and images they invoked made them all begin to cry. They, too, had received healing messages from their loved ones who had passed away. These words were what they needed to hear to promote the healing required to move forward in their lives. It became very apparent to Loretta as she watched the feelings and emotions of others, that it was divine intervention. Loretta's quest for healing her own heart and soul manifests in her compassion and empathy for others who have also lost a loved one. Loretta is an amateur photographer. Her love of sunsets intuitively combined with the poems, aspires to be a work of art. Her primary objective is to assist people to become aware that the more we are open to receiving unconditional love from the spirit world, the more our loved ones will give us signs to help us heal on the earthly plane. We are all connected. As we heal and grow, our loved ones also heal and grow. I hope you enjoy this profound, spirit-filled book. It could be exactly what you, or someone you know, who has suffered the loss of a loved one needs to hear.
