

Navigate: Executive Leadership Journey - Part 1

Over the past 30 years, the four authors have each worked on their self-development and self-awareness in their individual journeys to Executive Leadership. Together they have identified sixteen points on the Executive Leadership Compass, which form a system. This system will dramatically improve the way in which you think about your journey, provide essential knowledge, and powerful tools and techniques to increase your effectiveness as an Executive Leader. The power of NAVIGATE is that it presents a step by step guide and a series of tools that show you how to:- Set your goals Map the gaps Ask for directions Create your roadmap Identify roadblocks Keep your eyes on the road ahead Check that your roadmap is still showing you the right way How to take diversions if necessary. Our objective is to share some of our insights, points of interest and to encourage you to take those that most resonate with you and create your unique Executive Leadership roadmap for success. When used together these insights and tools will result in raised personal awareness, discovering why people follow you, how to be a more effective Executive Leader, stronger relationships, and drive up performance. This book offers a new world of possibilities for the Executive Leader. This is part 1 of your Executive Leadership Journey covering the first eight compass points, be sure to look out for part 2, which complements it with the remaining eight to provide you with the full set of sixteen. You can find out more about each of the authors and their work at <http://www.theleadershipdebate.com>
