

Navigating the Cultural Maze: Searching for the Only Way Out

The world is facing considerable turmoil and challenge. Ebola, a disease in West Africa has affected eight nations, with the major impact areas in Guinea, Sierra Leone and Liberia. The United States has had to cope with a different type of disease - demonstrations, riots, looting and violence in several cities. A description of the cause and effect of these times is addressed in Isaiah 59:13-15 regarding the behavior of people who are sliding toward and into the cultural maze, Transgressing and denying the Lord, and turning away from our God, speaking oppression and revolt, conceiving in and uttering from the heart lying words. Justice is turned back, and righteousness stands far away; for truth has stumbled in the streets, and uprightness cannot enter. Yes, truth is lacking; and he who turns aside from evil makes himself a prey. Now the Lord saw, and it was displeasing in His sight that there was no justice. The church has this moment to be the light it was intended to be. It must shine into and penetrate the darkness so that people will be led away from and out of the cultural maze. This book will provide you with challenging insights and encouragement to be a light shining into and piercing the darkness of your day.
