

## Nostradamus: The Complete Prophecies for the Future

Nostradamus predicted the assassination of Benazir Bhutto, the Credit Crunch in 2008 and the floods in New Orleans, as well as the Iraq war, the Twin Towers disaster and the devastating Boxing Day tsunami of 2004 and he foretold the future for decades to come. In this book, Mario Reading presents Nostradamus in an entirely new light he has prepared new groundbreaking translations of all Nostradamus quatrains that deal specifically with the future, with new, sharp and knowledgeable commentaries. His startling discovery of Nostradamus dating system allows him to date the prophecies, and his translation and insightful interpretations reveal extraordinary and sometimes shocking predictions for the future. These predictions include the demise of the British Monarchy, the break-up of the European Union and Global War. The greatest diviner and scryer who ever lived, Nostradamus was born in December 1503 in Provence, France. His prophecies have been continuously in print since his death on 2nd July 1566, an event that he accurately foretold on the night before it happened.
