

## Understanding Loss and Death (Large Print Edition)

Tom Jacobs channels the Ascended Master Djehuty on a variety of forms of loss and death, and how to understand why the soul creates these particular experiences. He teaches us the purpose and mechanics of the soul's journey through its many lives to support us in healing our histories surrounding adoption, soul fragmentation, abortion and miscarriage, accidental death, murder, killing in war, and genocide. These powerful teachings are meant to help us bring ourselves into and through a shift in consciousness. It's time for us to understand why we experience what we do, and how it is all our own creation to serve the learning of the soul.
