

Our FATHERS DEAL The Origin of Americas Black Slaves: a Black & White Race Solution

Did Americas Black Fore-Fathers Agree to Slavery? America has been challenged to hold an honest discussion about her Black and White Race issue. Is it possible for her to actually have this discussion? Racist rhetoric from the White to the Black and the Black to the White beg for this examination. It is the current blockbuster playing on both sides of the Political line, just one group is more vocal than the other.

Prominent white Americans have struggled with answers freely admitting they do not understand why a nation founded on the principles of liberty would house a race of people as slaves. Prominent black Americans appear unable to hold a productive discussion due to having to check their hatred and finger pointing at the debate halls door. Both sides have one problem. They have forgotten their history. Join the journey back through mans history and learn just where Americas black slaves originated. The answers are buried with her fathers, yet preserved in historical and prophetic data. While it is a treacherous story, it is also a beautiful piece in our history, showing a love of mankind for one another, a color-blind people, a desire for peace, and most of all a loyalty among two unlikely families. This is the true story of a tribe of Black men with the family of White men who became America. It is the origin of the Black American Slave and why they simply had to be. Whether you agree with the conclusion or not, this book is jam-packed with conversation starters. A real thought-provoker.
