

English in Denmark: Language Policy, Internationalization and University Teaching (Angles on the English-Speaking World, Vol. 9)

Angles on the English-Speaking World is an international journal that serves as a forum for a broad range of fields within the humanities and social sciences, including literary, linguistic, cultural, and historical studies. Issues are thematic and contain a balance of articles from local and international contributors. In this ninth volume - English in Denmark: Language Policy, Internationalization and University Teaching - the following contributions are included: Complementary Languages: The National Language and English as Working Languages in European Universities * English in Higher Education: Panacea or Pandemic * The Language of Instruction at Danish Universities * Parallelism or Convergence? The English Influence on Danish * Language Policy: A View from the Periphery of Europe * Parallel Language Use: A Case for Active Social Construction. Additionally, the volume also contains a section titled Views from the University Debate in Denmark, which includes the following: Chemistry Educations - In Danish and English * In What Language Should We Teach Mathematics at Danish Universities? * Language Policy at the Faculty of Life Sciences, University of Copenhagen * A Question of Quality, Not Choice of Language * Danish Under Pressure: Use It or Lose It.
