Mother Marys Pathway to Love: Building a Loving Relationship With Yourself That will Transform Your Life is that book. Mother Mary takes you deep inside the most important relationship you will ever experience, the one with yourself. Her words are imbued with the power to create an interactive experience with you. She offers Her companionship while taking you on a journey of self-discovery. Each teaching supports your awakening by creating an inner awareness and experience as it unfolds.Mother Marys Pathway to Love contains twelve of Mother Marys

teachings, each followed by a short memoir piece written by Danielle that offers an honest, personal insight into the joys and challenges of living Mothers teachings, and bringing them to the world. This book illuminates the often-confusing path of conscious awakening to the individuals own mind, body, and spirit. Mothers teachings offer a perspective rarely seen out in the world, that we are whole and complete as we are, whether it is our ego, our shadow, or our light. At the heart of Her teachings is the revelation that there is nothing about any of us that requires changing. The only thing we need is continued awakening to ourselves as we are. She explains to us, in this book, how to let go of our fantasy self and embrace our real self-using kindness, infinite wisdom, practical suggested actions, and meditations designed to awaken the reader to higher consciousness, a deeper love of self, life and the divine. She is devoted to all by being our staunchest ally and unfailing advocate. Reading Her words aligns the individual with the things in life that matter the most to them and brings clarity to what lights them up.
