

Peggy McColl - Turning Your Book into a Bestseller: Conversations with the Best Entrepreneurs on the Planet

Through hard work, determination, and meticulous attention to detail, Peggy McColl has become the gold standard in online book publishing and specifically in creating best sellers. She has been the marketing brains behind the success of some of the biggest name authors of recent times, including Neal Donald Walsh, Wayne Dyer, Jack Canfield, Jim Rohn, Bob Proctor, Mark Victor Hansen, Debbie Ford, Caroline Myss, and Greg Braden, to name but a few. This interview may contain references to dates, events, etc., which have already taken place. These references have not been omitted in order to maintain the integrity of the recording, as all Meet The Giants interviews are REAL and unedited conversations.
