

Postcards from the Other Side: True stories of the afterlife

An amazing book of everyday stories of life after death from high-profile psychics Ezio de Angelis, voted Psychic of the Year, and his wife Michelle. Powerful glimpses into the afterlife. What happens when someone dies? Does the way they die impact their experience of life after death? Can they still communicate with us? Do they continue to take an interest in our lives? Can they experience our love? Celebrated psychic mediums Ezio and Michelle answer many of the unanswered questions we have about the afterlife. Meet T.J., tragically murdered at sixteen, who describes his death and journey into the spirit world. Read about Renee whose yet-to-be-born nephew showed up during a reading to choose his own name, and Janet who tells of her reconciliation with her brother Tony, who died in a car accident. These and other remarkable stories from everyday people provide countless insights that help us beyond the terrible sense of loss and unanswered questions we face when we lose someone we love. An honest, reassuring book for anyone who wants to know more about life after death. Michelle and Ezio will alter your belief system, no doubt about that. They bring clarity and normalness to an otherwise misunderstood side of life. - Adriana Cortazzo, Creative Director, Marie Claire Australia. That's Life! readers consistently tell us that the insight and compassion shown by Ezio and Michelle brings them a great deal of comfort.
