

Practically Invisible (A Teen Novel) (The China Doll Trilogy Book 1)

Practically Invisible is a compelling coming of age adventure story that shapes a young boys life and changes a town forever. After Christians mother gets promoted, Christian and his family are forced to leave the big city, and relocate to a small town in Virginia. On his journey to discover his new surroundings, Christian uncovers a secret world of underground adolescents, known as The Locals. The Locals pride themselves on thinking they are above the law, the same law that failed to protect them from their abusive families which forced them to runaway and live life off the grid. The story takes an unexpected twist when Christian falls for a beautiful girl named Danielle and discovers she is the leader of The Locals. In his blind pursuit for Danielle, Christian falls deeper and deeper into the underground life. His efforts to juggle two lives begins to take a toll on Christian and unknowingly starts to unravel the secret life The Locals have worked so hard to protect. This story will take you along for the adventure of a lifetime.
