

## Bug Out Bag: Disaster Survival Guide For Beginning Preppers

Is Your Family Ready For A Disaster? Can I ask you a few questions? If a severe thunderstorm left you without power for several days and your drinking water was contaminated because of heavy flooding would you be able to survive? What if you had to move your family to your roof due to rising floodwaters? Would you be able to last until help arrived? Be Prepared! Sadly, most people aren't prepared for any type of disaster. This book will change that by teaching you what you need to have ready-to-go in a Bug Out Bag to keep you and your loved ones alive for seventy-two hours until help arrives. Bug Out Bag Contents The problem I found with current Bug Out Bag books is the contents suggested are not needed or are outdated. For instance, some will tell you to have change available so you can use a pay phone. When is the last time you even saw a pay phone? Others will advise jamming a bag full of stuff like snares, axes and other items that really belong in a survival kit, not a Bug Out Bag... A bug-out bag is a portable kit that contains the items one would require to survive for seventy-two hours when evacuating from a disaster. It is also known as a 72-hour kit, a grab bag, a battle box, and other popular names include Personal Emergency Relocation Kits (PERKs) GO Bag and GOOD (Get Out Of Dodge) bag. The focus is on evacuation, rather than long-term survival, distinguishing the bug-out bag from a survival kit, a boating or aviation emergency kit, or a fixed-site disaster supplies kit. - Wikipedia This book is not a survival book; it is a book that shows you EXACTLY what you need to have in your bag to wait it out until help comes. The Right Stuff You see the key to a functional Bug Out Bag is having the right items while keeping the bag manageable. After all, if your bag weighs 60 pounds what are the odds you will be able to grab it and take shelter in an emergency? Bug Out Bag

contains the essential items necessary to sustain life but as a bonus I also include Nice To Have items if you want to enhance your bags contents and dont mind the extra bulk. Dont get caught like I did years ago when vandals sawed through power lines causing my family to be without electricity and water for two days. Buy this book and prepare yourself today!
