

What to Do When the Shit Hits the Fan

Would you know how to prepare for an unforeseen emergency, or handle an unexpected disaster? With real-world considerations in mind, disaster preparedness consultant David Black shows us how to stay alive when tragedy strikes. His step-by-step actions can help us make it safely through a variety of crises, from catastrophic weather to terrorism to civil unrest. Black presents tailor-made plans for individuals, businesses, organizations, small groups, and communities to follow, in all regions of the country and broken down by type of emergency and environment. In addition, he provides a hierarchy for response including communication, healthcare, food, water, and shelter in the absence of institutions and commercially available services and supplies.
