

Protectors of the Grail

When Sam wakes up in a world he does not recognise, everything around him seems to stop at nothing to destroy him. People turning on each other, factions destroying others, he is thrown into this with no explanation of anything. But someone knows more than this, as it becomes clear that there are secrets being kept. Keen on revealing them, and figuring out the purpose of everything that is happening, Sam pulls himself into a much deeper world than he expected.
