

# Public Speaking: Strategies for Success Plus NEW MyCommunicationLab with eText -- Access Card Package (7th Edition)

**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Normal 0 false false false EN-US X-NONE X-NONE

A strategic approach to public speaking  
Public Speaking: Strategies for Success is based on the premise that successful public speaking is strategic. Critical thinking and strategic planning are emphasized throughout the text. David Zarefsky, one of today's leading scholars in speech communication, encourages students to think through and about the public speaking process. Zarefsky urges students to consider the diversity of audiences, occasions, and speakers and to choose a specific purpose, a relevant topic, and the appropriate material to make their speeches successful. Because public speaking is situation-specific, the author stresses the integration of theory and practice throughout the text. Students learn how to develop and apply strategies for speaking situations they will encounter throughout

the rest of their lives.

MyCommunicationLab is an integral part of the Zarefsky program. Key learning applications include MediaShare, assessment and sample speeches.
