

# Do Vaccines Cause That?! A Guide for Evaluating Vaccine Safety Concerns

Do Vaccines Cause Autism, Asthma, Diabetes? Get straight, science-based answers to this and other questions about the safety of vaccines. In this book you will find the facts--no advocating hype or anti-vaccine propaganda. You will discover how to: \* Balance the risks and benefits of immunizations for your child. \* Recognize red flags that should raise alarms about vaccine-related information you read in the media. \* Determine whether or not a vaccine is the cause of an adverse event or disease. \* Find up-to-date, complete, and scientifically valid information about vaccines so you can make informed decisions about immunizations. A detailed look at all the controversies swirling around vaccines. It should be required reading for parents who have vaccine concerns. Ari Brown, MD, FAAP, Pediatrician and author of Baby 411
