

The Odd Animal Friends of Uncle Eli: (An ABC Book)

Do you want to see a flying giraffe named Abigail? A snorkeling rhino named Caroline? A family of skydiving penguins? This is an ABC book about animals doing wild and crazy things. The pictures are from the lost notes of my Great, Great Uncle Eli, a zoologist who claims he saw animals behaving in these very odd ways. Did Uncle Eli record some incredible discoveries from the animal kingdom or was he just a loony scientist that spent too much time in the wilderness! You decide!
