

GOD...and our 80% perfect brain!: From politics to wars, our imperfect human brain produces mixed and unpredictable behavior and its not improving with time.

GOD...and our 80% perfect brain!: From politics to wars, our imperfect human brain produces mixed and unpredictable behavior and its not improving with time.

This book discusses human behavior as it might be viewed through Gods eyes. However, it is not a religious book in the true sense as it also discusses many contempory issues such as immigration, race, politics, crime, and Americas future.
