

Report of the United States Commissioner of Fisheries: For the Fiscal Year 1920; With Appendixes (Classic Reprint)

Excerpt from Report of the United States Commissioner of Fisheries: For the Fiscal Year 1920; With Appendixes Sir: I have the honor to present herewith a report which gives an outline of the major operations of the Bureau of Fisheries during the fiscal year ending June 30, 1920. The Bureaus functions are comprehended under eight captions, namely, relations with the fishery industries, biological investigations, propagation and distribution of food fishes, artificial propagation of fresh-water mussels, Alaska fishery service, Alaska fur - seal service, minor fur-bearing animals of Alaska, and general administration considerations, for each of which there follows a brief discussion. A number of special reports covering the Bureaus various activities have been issued and may be consulted by those who desire details.
