

Preppers Blueprint: The Proven Preppers Guide to Get Yourself Ready for Any Disaster (Survival Gear, survivalist, Survival Tips)

Much can be said about preparing for disasters. Government and state websites outline a myriad of ways to prepare, survivalist companies advertise their specialty products and supplies, neighbors have their own ideas, but do you have an emergency plan? What would you do if you were ordered to leave your home right now? What would you take? What would you do if a nuclear power plant emitted radioactive substances? The question is are you ready? Since Hurricane Katrina, 9/11 disaster, and massive outbreaks of tornadoes, this world has seen an uptick in all sorts of disasters: earthquakes, hurricanes, tornadoes, tsunamis, massive fires, floods; isolated civil unrest riots and protests; and, each news day features frightening details of disasters in the making. The Preppers Blueprint: The Proven Preppers Guide to Get Yourself Ready for Any Disaster provides a basic blueprint by examining the areas of preparation in devising a disaster survival plan. Success for any endeavor depends on planning. This book has broken down the areas of organization needed to compile a plan you can start today to build your supplies and build your survival knowledge. Be creative in your plan; take into consideration your special needs, your geography, most likely disaster scenarios for your location, readily available supplies, and immediate safety threats. It is vitally important to have an emergency disaster plan; your survival may depend on it. Don't depend on the government for your disaster assistance; take the personal initiative to get yourself ready. These are the secrets of preparation that we will discuss: Family Emergency Plan Bugging Out Shelter-in-Mobile shelter or camping Evacuation to a shelter Food - gardening, sprouting, canning, etc. Water storage Tools and supplies Important documents Evacuation of your home Getting Your FREE Bonus Download this
