

Rogets II: The New Thesaurus

This completely new edition of ROGETS II: THE NEW THESAURUS, THIRD EDITION, based on the lexicographical foundation of THE AMERICAN HERITAGE(R) DICTIONARY OF THE ENGLISH LANGUAGE, THIRD EDITION, combines the most useful features of a thesaurus and a dictionary. The alphabetical arrangement of entries makes it easy to find the synonym lists. A precise definition of each synonym ensures accurate word selection. Complete synonym groups at every entry give the user all the exact synonyms of a word in one place. Each entry in ROGETS II: THE NEW THESAURUS, THIRD EDITION contains a cross-reference to a unique Category Index. This index lists groups of entries that are related or opposite in meaning. For example, at the word comfort, the user is referred to the category help. Related words such as accessory, obliging, and encourage, as well as words of opposite meaning such as abuse, harmful, and discourage, are listed under the help category. Each of these words leads the user back to a full entry for that word.
