

# Rome, Inc.: The Rise and Fall of the First Multinational Corporation

New York Times best-selling author and world-class satirist Stanley Bing trains his savvy eye on the worlds first and most famous multinational corporation in this humorous and insightful volume. Here, he chronicles the great city of Rome from its humble beginnings to its monumental collapse due to greed, in-fighting, and general mismanagement. Rome, Inc. then becomes a powerful lesson for business leaders, documenting the many dos and donts of a successful corporation.
