

Growing Under Glass (RHS Encyclopedia of Practical Gardening)

Produced in association with the Royal Horticultural Society, the titles in this series have become standard works of practical gardening reference. Each book is illustrated with easy-to-follow, step-by-step illustrations that clearly guide the reader through all the essential techniques of successful gardening. Explaining how to use greenhouses, conservatories, and frames to raise every sort of plant from the humble to the exotic, this text also includes information about alpine houses and cloches.
