

## Bundle: The Well-Crafted Argument: Across the Curriculum + CourseReader 0-30: Argument Printed Access Card

THE WELL-CRAFTED ARGUMENT: ACROSS THE CURRICULUM, FIRST EDITION guides students through the process of writing effective arguments across the disciplines. Built from the Rhetoric section in the Fourth Edition, this edition covers critical reading strategies as well as writing, researching, and documenting a topic, and includes a new chapter: Argument Across the Disciplines. This brief rhetoric includes a visual emphasis while maintaining the authors practical, skill-building approach. Each chapter ends with a Summary, Checklist, and Writing Projects. In addition to guidance on drafting and revising arguments, the authors provide a variety of composition strategies, including freewriting, outlining, and shared reading. In-depth instruction, combined with real student writings and a focus on argumentation in the professional workplace, engages students and helps them discover their own voices, within and beyond the Composition classroom.
