

## SEBASTIANUS: THE WAR BEGINS

For hundreds of years, the nations of the world have kept the dark forces from coming back again. But now, new and more powerful creatures are rising. Only one hero can defeat them. Young Sebastianus was raised in the kingdom of Hestour as an orphan and has possessed very odd gifts since birth. That is because he is the heir to the knight who defeated the evil so many years ago. Sebastianus is the only person that can stop the dark forces before they completely conquer humanity. In a world of knights, monsters, beasts, and kingdoms, no one can expect what might stop Sebastianus on his quest to glory
