

Secret Language of Stars

In *The Secret Language of the Stars and Planets* -- the first illustrated book of its kind -- science, mysticism, and ancient beliefs intertwine with exquisite, full color artwork to explore the conundrums of the cosmos. Drawing from astronomy, astrology, archeology, and the occult, this fascinating volume delves into the celestial enigmas that have beguiled laypeople and scientists for centuries. Including sections on the origins of astrology, the great ancient celestial sites of the world, and a visual directory of the stars and planets, this stunning guide offers an intriguing and thought provoking look at the mysteries of the heavens.
