

Shaman Pathways - Black Horse, White Horse

The term power animal was introduced into contemporary language in 1980 by anthropologist Michael Harner, in his classic work *The Way of the Shaman*, and refers to a broad-based animistic and shamanic concept where the animal is conceived as a tutelary spirit guide that helps or protects individuals, lineages and nations. Horses and humans became companions a long time ago, and the horse adopted as a power or totem animal represents power, speed, courage, nobility, freedom and chthonic energy. *Black Horse, White Horse: Power Animals Within Traditional Witchcraft* guides your footsteps on this most ancient of paths
