

Silent No More: Bringing moral clarity to America...while freedom still rings

It has been said that Rod Parsley's Silent No More campaign and tour helped swing the vote for George W. Bush in the state of Ohio during the last election. Parsley had something important to say then, and he has more to say now. With an updated introduction and summary of major breakthroughs during the last year, he challenges Christians to help reclaim America's spiritual heritage and to remake the nation into the just, compassionate, noble society that she was designed to be. Parsley will challenge you from a biblical and spiritual perspective to analyze the issues plaguing the nation.
