

Silent Scream: Mystery and Suspense

It started forty years ago with the brutal murder of a teenage girl. Now a whole flock of sheep has been mysteriously torn to pieces and strange ghostly happenings are on the increase in the sleepy seaside town of Hals Cove. Seventeen-year-old Jeannie Rowlands soon finds herself right in the middle of a story that spans not only decades but other dimensions, and will end in a violent struggle for our very future on the shores of Hals Coves loneliest, most windswept beach. Following a strange encounter when out celebrating her birthday, Jeannies once perfect boyfriend becomes distant and violent. And, to make things worse, she starts seeing and hearing ghostly apparitions on nearby North Shore Beach. As one part of her life falls apart, however, Jeannie finds herself offered an extremely well-paid job at a beach cafe and with a boss she hardly sees. She soon forms a kind of friendship with her most regular customer, an intriguing dark-haired boy she knows as Phayn, who doesnt speak a word of English and flees every time her boss returns. With more ghostly happenings and violent incidents occurring every day, Jeannie soon starts to realize that all of these various elements are connected and that their story is one of epic love and tragedy that will involve the fate of entire races of people... including our own. ***** A summary of reader reviews of MYSTERY: Silent Scream Mystery (Mystery, Suspense, Thriller, Suspense Thriller Mystery): ...intense action with angels, demons, murder mystery, suspense, romance, mystery... crime fiction and good mystery books with assassination conspiracy and crime thriller... a great fictional crime thriller with murder mystery and suspense great mystery book with mystery suspense, science fiction, romance and aliens one of the best mystery thriller suspense romance novels ...this mystery book and suspense thriller romance is a great read... ...riveting mystery and
