

## Genealogies of Virginia Families From Tylers Quarterly Historical and

This is the third volume of a multi-volume work on Virginia genealogies consisting of material from Tylers Quarterly Historical and Genealogical Magazine, a notable periodical that contained a large number of genealogies that will be of help to the researcher. The four-volume set has all of the family history articles, about 350, that appeared in the magazine from its inception in 1919 until its demise in 1952. This is a significant body of genealogical material, and many of the contributors were leading Virginia researchers. For convenience the articles are arranged in a single alphabetical sequence. Since each volume has its own index, the genealogist need only consult the particular volume required for his research. For a complete list of the contents write the Publisher.
