

Speaking clearly: Improving voice and diction

A voice and diction handbook, revised and updated throughout for greater voice and diction development and for more effective learning reinforcement. Ways to deal with nervousness and special speech problems are addressed in the appendix and the text includes special sections on regional dialects. This fourth edition features new and expanded classroom drills and exercises that help students master articulation, as well as drawings relating to the speech process enhancing points made in the text. A special audiotape programme is available with this edition.
