

Crisp: Successful Strategic Planning: The Systems Thinking Approach to Building a High Performance Business (Crisp Fifty-Minute Books)

In successful organizations, strategic planning leads management in defining and achieving a vision that is ultimately linked to the customer. This book is based on a revolutionary systems thinking approach that will help individuals, teams, departments, and businesses of all sizes and types in a simple four-phase process to create and implement strategic planning successfully. It begins with defining the end goal or vision first and then focuses all activities toward that outcome.
