

Stone Soup: The Secret Recipe for Making Something from Nothing

On a cold night a storyteller who knew the limitless power of words visited a famine-Stricken village and, finding no fireside for a fable, began boiling a stone in a big pot in sight of everyone. One by one the curious villagers were encouraged to join in the feast of Stone Soup and one by one they believed in and contributed to the feast that inevitably resulted. Once both stories and soup had been devoured it was agreed that in future, in tough times, a stone and a story were a marvellous way to bring people together. Stone Soup is a modern fable about business, community, entrepreneurship and sharing. Mixing a traditional folktale with telling the story of one womans journey through life, it contains tasty morsels of wisdom on work, team-building, leadership and courage. This book will nourish the soul of managers, entrepreneurs, community leaders, activists and educators by giving you the fortitude to lead fearlessly in the face of apparently insurmountable obstacles and foster true innovation within your community, group or organisation. Social networking pioneer, entrepreneur and philanthropist, Bill Liao, says he is most devoted to his Family, coderdojo and Weforest
