

Delicious Slow Cooker Recipes for the Mediterranean Diet!: Enjoy Healthy Meals From Your Slow Cooker - The Mediterranean Way!

Imagine staggering home after a hard day at work, perhaps the train or bus was overcrowded and you had to stand, or perhaps you've spent the last hour or so in traffic, you're exhausted and your feet ache opening the door to the house filled with the delicious aroma of a home-cooked meal, ready for the table! That's just one of the beauties of the slow cooker. Meals cooked in the slow cooker require less effort, are more convenient and produce a healthy, flavorful meal which is easier on your hip-pocket. Just pop the ingredients in the cooker before you head off for your day and enjoy a relaxing evening at home. All nutrients are trapped by the cooking process, which softens budget-friendly cuts of meat. Herbs and spices have enough time to release their flavors which are absorbed by the other ingredients and fill the kitchen with a wonderful, exotic smell. Ahh, the Mediterranean! Have you ever been there? Do you long to visit its sunny shores, swim in its warm water, visit its ancient places or try its delicious and varied cuisines? It's a fascinating part of the world, wouldn't you agree? With a history stretching back thousands of years, empires have risen and fallen in this region, wars have been fought and fortunately, life has gone on. Simple the Mediterranean Diet may be, boring it is not. With this wonderful diet you can enjoy the fresh flavours of herbs such as basil, oregano and thyme, along with sensational spices of North Africa including cumin, turmeric and cinnamon. Garlic, lemon and freshly ground black pepper enhance the natural flavours of vegetables, seafood and staples such as legumes and whole grains. In this book you will find recipes that will transport you to the fragrant and sunny Mediterranean. As you prepare your pantry for the Mediterranean Diet, you will find that preparing these meals is quick and easy. Don't forget that part of the reason that the people of the southern Greece and

Italy were so healthy was because of their active lifestyle. Include at least 30 minutes of exercise each day to reap the full benefits of the Mediterranean Diet. You'll be astounded at how much energy you'll have! Epicurus, the 3rd century BC philosopher who was born and lived most of his life on the island of Samos, had a number of requisites for a happy life. Three fit nicely into the lifestyle and philosophy of the Mediterranean Diet; grow and enjoy your own food (you can do this with a small veggie or herb garden), eat with others and relish their company (invite friends and family to enjoy the fruits of your slow cooker) and relinquish materialism, that is, live a simple, self-reliant life, as free as possible from the cares of the world. The Mediterranean Diet can give you all three. Join me on the delicious path to health! Nicole
