BOOK #1: Preppers Hacks: 48 Outstanding Prepper Hacks Hurricanes, tornadoes, Ebola outbreaks or complete government meltdown are just a few of things we could be facing in the days ahead. We all need to be prepared for whatever might come our way. In order to be prepared, we have to know what to do and how to do it when we are faced with emergency situations. There will be times that regardless of how much we have planned, we are faced with a few uncomfortable situations. When those situations arise, its always nice to have a few tricks up our sleeves to get us by until we can find something that works better. Whether we are trying to deal with a lack of electricity or defending ourselves against others or animals, it is important that we know that there are different methods and strategies that we can use to keep ourselves and our loved ones safe in times of turmoil and disaster. These hacks are the perfect solution to keeping devastating situations from happening to you.

BOOK #2: Preppers Survival: The Preppers Urban Guide to Prepare for a Disaster in an Urban Environment Do you know how to save yourself if a hurricane appears today? Do you know what do you need in order to survive an earthquake or tornado? Will you leave your home if you are in it when the disaster strikes, or will you stay inside? Where would you go if you are at work, far from your home? How will you survive? The book Preppers Survival. The Preppers Urban Guide to Prepare for a Disaster in an Urban Environment is a guide that will teach you how to prepare yourself and your family for surviving during a disaster. It will show you what you need to do in order to be safe during the evacuation process. This book is very simple and very easy to understand. It contains all the things you need to know in order to prepare well for any disaster.

BOOK #3: Preppers Blueprint: The Proven

Preppers Guide to Get Yourself Ready for Any Disaster Much can be said about preparing for disasters. Government and state websites outline a myriad of ways to prepare, survivalist companies advertise their specialty products and supplies, neighbors have their own ideas, but do you have an emergency plan? What would you do if you were ordered to leave your home right now? What would you take? What would you do if a nuclear power plant emitted radioactive substances? The question is are you ready? Success for any endeavor depends on planning. This book has broken down the areas of organization needed to compile a plan you can start today to build your supplies and build your survival knowledge. Be creative in your plan; take into consideration your special needs, your geography, most likely disaster scenarios for your location, readily available supplies, and immediate safety threats.

BOOK #4: Preppers Survival: 25 Survival Strategies that Will Save Your Life

Survival during these dangerous times can be something many people think about, but not sure how to gather the information needed. It is something that families need to be prepared for. What if you were stranded in an area without food or water, would you know how to get drinkable water or food that will be healthy? This book will help you prepare for the things that people dont like to think about. Each section of the book covers tips and tricks to help you do survival skills such as build fires, find food, get drinkable water, and handle specific disasters. Would you know what to do in an earthquake or an animal attack? This book will allow you to do these things and stay alive
