

Survival School (Young Toughs)

This is the right place for you, boy. They'll school you here to be a right-standing man, one who can keep control over his actions, like any good man should. You just got to keep yourself open to learn and to grow. How far can trust grow, when you're in a place you despise? Arrested for a crime he doesn't regret, Bat ends up handcuffed to a group of fellow city boys and sent on a long journey into the countryside. He knows that he is being transported to a prison for delinquent servant boys, but what form will his imprisonment take? Tattooed with the rank-mark of servant, Bat must learn how to keep from losing his temper with the men who carry the keys to his freedom. But in the unbelievable world where he has been deposited, in which a genial master orders strict punishments and a servant acts like a master, will Bat be able to locate the door to his release? Which of his fellow prisoners can he trust to help him? And will he survive long enough to find out? Inspired by true events at a turn-of-the-century reform school, this novella (short novel) is set in an alternative version of the Chesapeake Bay region during the 1910s. The story can be read on its own or as part of the Young Toughs alternate history series, an alternate history series about the struggles of youths in the nineteenth and twentieth centuries. Young Toughs is part of Turn-of-the-Century Toughs, a cycle of alternate history series (Young Toughs, Waterman, Life Prison, Commando, Michaels House, The Eternal Dungeon, and Dark Light) about adults and youths on the margins of society, and the people who love them. Set in the nineteenth and twentieth centuries, the novels and stories take place in an alternative version of America that was settled by inhabitants of the Old World in ancient times. As a result, the New World retains certain classical and medieval customs.
