

Talks with My Heavenly Mother

Come travel with me on my journey of meeting a being calling herself Heavenly Mother while on my morning walk as I passed through a grove of trees. I was so excited, I asked, Can I write a book about you? She said, Yes, it is your destiny. I asked a million questions like a little kid asking an all knowing Mom. Questions like: Is there romance in Heaven? Was Jesus married? Do aliens exist? What about leprechauns? How did you create the universe? Did you use evolution? Where have you been?
