

## The Complete Garden Expert

Over 50 years ago, the first of the Expert guides appeared, the initial entry in what is now the world's top-selling gardening series. The Garden Expert briefly discussed many aspects of plant care, but Dr. Hessayon always promised to produce a truly comprehensive look at all aspects of gardening. Now, finally, this one-stop volume has arrived. From A-Z, fences to fuchsias, garden design to garden problems, The Complete Garden Expert is the must-have book that covers it all!
