

Idiots Guides: The Tarot

Tarot is a fascinating practice, full of wonder and mystery, but if you have never picked up a deck before, all of that mysticism can seem overwhelming. Not anymore! Created specifically for beginners, Idiots Guides: Tarot uses clear, concise instructions to walk the reader through the meanings of each of the cards, and how you can interpret them when they appear in a spread - both right-side up and upside-down. Accompanying the Core meanings and keywords for each card are Quick Reads - a shortcut to a cards meaning for the subjects most people want to know: Love, Money, Family, and Career. In addition to the interpretations, the book also includes clear, detailed information on how to lay and interpret the five basic spreads as well as spreads for specific questions.
