

# The Complete Idiots Guide to Understanding the Brain

You're no idiot, of course. You know your own mind, but when it comes to understanding what's really going on in your head - all those synapses, all those neurones - you feel like you're just about brain-dead! Don't let it unnerve you! The Complete Idiots Guide to Understanding the Brain proves that you don't need to be a genius to be in the know, and gives you loads of fun stuff to think about, too. In this Complete Idiots Guide, you get: -The history of human knowledge of the brain. -Insights into what causes brain disorders and how best to treat them. -Thoughtful tips about the many different ways we learn new information.
