

The Connolly Book of Numbers, Volume II

The Connolly Book of Numbers takes you deep within ancient, esoteric wisdom to derive guidance and self-realization for today's hectic world. Volume 2, The Consultants Manual, builds upon volume 1, expanding esoteric knowledge and experience for use in teaching and counseling. The advanced student will work with the transition grid and transition wheel as a means of understanding and counseling in the areas of relationships, birth purpose and karmic planning. Gnothology (noth-ol-e-je)n. The science or study of the knowing within. A new word for the ancient Cabalistic study of numbers which forms the roots of modern numerology. Eileen Connolly, Ph.D., is one of the world's leading authorities on tarot, numbers and other esoteric sciences. Her works are used extensively as textbooks by tarot and educational institutions.
